EXPERIENCE

> **Hashnode**, Delaware, US — Developer Relations

JULY 2019 - PRESENT

Hashnode is one of the fastest-growing networks of software developers with more than **500K+** monthly active developers from **180+** countries worldwide. We are empowering developers to tell their stories and help them grow in their career.

I handle Developer Relations and my main priority is building relationships with the super awesome developers using our platform(s) and creating a thriving ecosystem for our own community of developers.

> **Philanthrolab**, Dallas, Texas — Digital Strategist

MARCH 2019 - AUGUST 2019

Philanthrolab is Software Products and Services Company, headquartered in the USA providing software, design and ICT solutions.

I develop solutions to meet clients' brand objectives based on consumer insight and data. I formulate the implementation of strategies. I also lead technical documentation across other startups owned by Philanthrolab.

> **GiTech Consults**, Lokoja, Nigeria — Front-end Developer

JANUARY 2019 - MARCH 2019

GiTech is a leading software development firm in Nigeria providing our clients with the ICT solutions needed to meet their everyday needs in the 21st century.

I worked as a freelancer, building and designing brilliant user interfaces and web applications.

VOLUNTEER EXPERIENCE

> **GitHub Education**, San Francisco, CA – GitHub Campus Expert
JUNE 2019 - PRESENT

A Campus Expert is a student trained to build a strong technical community, on campus. As well as training, Campus Experts have access to resources and support from GitHub, to build inclusive and collaborative communities.

I work together with technology bodies, lecturers and the Department of Computer Science at my University to enrich the technology communities on campus.

> **Andela Learning Community**, Africa – Learning Community Ambassador
JUNE 2019 - PRESENT

The Andela Learning Community is a network of people, technologists and tech enthusiasts across Africa dedicated to learning how to use technology to solve humanity's problems powered by Google, Andela, and Pluralsight.

I assist and mentor ALC 4.0 learners in the Mobile Web Track and set up, organize and champion ALC meetup centres in my community and communities nearest to me.

> **Coding Coach**, Worldwide – Mentor
MAY 2019 - PRESENT

Coding Coach is a free, open-source platform which aims to connect software developers and mentors all over the world and to make the engineering world a better place to collaborate.

I mentor beginners and intermediate developers.

> **Open Source Community Africa**, Lagos, Nigeria — Technical Writer/Chapter Lead

FEBRUARY 2019 - PRESENT

Open Source Community Africa is a community of creative minds driving the open-source movement in Africa.

I volunteer as a technical writer and lead a chapter: [OSCALokoja](#).

> **Ingressive**, Lagos, Nigeria — Campus Ambassador

OCTOBER 2018 - PRESENT

Ingressive Campus Ambassadors are individuals across various institutions all over Nigeria passionate about building the tech community on their campuses. They work together to build an active community of tech enthusiasts by doing what they can to create a positive experience for all members.

> **Youths Undefined**, Houston TX, USA — Chief Tech Support

AUGUST 2018 - PRESENT.

Youths Undefined is an NGO of youths with like minds, armed with a vision of creating a positive impact.
I lead the technological unit of Youths Undefined.

> **Favcode54**, Tulsa, Oklahoma, USA — Student Ambassador

JULY 2018 - PRESENT

I spread the fire of technology within Federal University Lokoja, Kogi State and Lokoja metropolis thereby contributing to the Africa Tech Ecosystem.

I also organize meetups and hackathons backed by [Favcode54](#)
